CLOSE TO WHAT COUNTS

*Photos shown are used for illustrative purposes only and may not be an exact representation of the product. Façade and color scheme are subject to change. The finished square footage areas provided are calculated based on ANSI Z765-2013 standards as commissioned by the National Association of Home Builders (NAHB). Finished square footage calculations were made based on the plan dimensions only and may vary from the finished square footage of the house as built. Finished square footages vary based on elevation styles and plan options. Total square footage used in marketing includes the outdoor room. Contact our sales consultants for specific details.
